

SENTRY MEMBER APPLICATION
Lockport Odor Alert Network (OAN)

What is the duty of a Sentry Member?

Sentry Members help *verify if an odor is present where they live*. When an odor is reported, the OAN Coordinator (Phil Rittenhouse) occasionally may need to contact a Sentry Member.

Sentry Members are asked to tell the OAN Coordinator if they notice an odor where they live. Typically, a Sentry Member may have to **go outdoors** to smell the air and report their findings, by phone or e-mail, to the OAN Coordinator.

Sentry Members are **not** asked to leave their property to verify the presence of an odor.
